LIFE AFTER CANCER

LOOKING FOR SUPPORT?

Survivorship comes with its own set of challenges. Many people find that once they've finished cancer treatment, they struggle with long lasting side effects, financial strains, and complex emotions.

WE CAN HELP

CancerCARE has a survivorship program here to help you after your treatment ends. Support doesn't need to end just because treatment concluded. Our team will continue working with you post treatment for up to ten years, depending on what type of cancer you were treated for.

- **10 Years Post Breast Cancer**
- **5 Years Post Blood Cancer**
- **3 Years Post Solid Tumor/Organ Cancer**

BENEFITS

- 1. Oncology Nurse to Work with 1 on 1**
- 2. Guidance on Further Prevention**
- 3. Physical Health Management**
- 4. Emotional and Mental Health Support**
- 5. Financial Support Resources**

PROGRAM AVAILABLE FOR ALL SURVIVORS

"Having this program and having a nurse reach out to check on me, see how I was doing, and if there's anything I needed or that they could do for me, has made a HUGE difference for me and I know it makes a difference for all the other people that are lucky enough to have it."
-56 year old Survivor of Bladder Cancer

"I can't say enough good things about the program. It was just what I needed during a difficult time and so supportive. My nurse helped me when I was feeling down and just fixed things for me at a time of confusion and frustration. She is worth her weight in gold!"
-64 year old Survivor of Breast Cancer
